

89XDB-G NITROGEN INFLATOR

IDEAL FOR:

- Auto Dealerships
- Truck Service Centers
- Any Service Center currently inflating with Nitrogen

89XDB-G compliments any Nitrogen Generator. The Mountable Inflation System allows any technician to set the pressure, attach the nitrogen hoses, and begin the process with a touch of a button. The all-new nitrogen software will purge the air out of any size tire, reinflate with nitrogen, maintaining its accuracy of .3psi. Designate the number of purge cycles to guarantee the purity level needed to obtain the benefits of nitrogen inflation over standard air inflation. The 89XDB-G will convert up to 4 tires at once. The aluminum enclosure enables the system to be mounted in any climate. Optional heater (P/N 89HEAT) for colder climates is available.

89TRL-4 (unit shown mounted on trolley) Up to 4 tires simultaneously.

TECH TIP

Nitrogen molecules leak through your tire 3-4 times slower than the smaller oxygen molecules. Ultimately, maintaining your vehicle's required inflation pressure reduces tire wear, increases your fuel mileage, and provides better vehicle performance.

89TRL-6 NITROGEN INFLATOR

IDEAL FOR:

- Fleet Operations
- Tire Service Centers
- Auto Dealerships

89TRL offers a mobile solution for single tire nitrogen inflation. The all-new nitrogen software will purge the air out of any size tire, re-inflate with nitrogen, maintaining its accuracy of .3psi. Designate the number of purge cycles to guarantee the purity level needed to obtain the benefits of nitrogen inflation over standard air inflation. Operation is identical to 89XDB-G Inflation System.

89TRL-6B (unit shown NOT mounted on trolley) Up to 6 tires simultaneously.
